Education

Sandip Institute of Technology and Research Centre

Nashik, Maharashtra

Bachelor of Engineering in Computer Science (CGPA: 8.25 / 10.00)

2020 - 2024

Technical Skills

Languages: Java, JavaScript, TypeScript.

Frameworks: React.js, Next.js, Tailwind CSS, Node.js, Express.js.

Databases: MongoDB, MySQL.

Others: Git, Github, Postman, Docker.

Projects

Taska | React.js, Node.js, Express.js, MongoDB, Firebase, Tailwind CSS

- The Taska is a web application designed to streamline team task management. This platform provides a user-friendly interface to optimize task assignment, monitor progress, and facilitate collaboration.
- Empower administrators and regular users with comprehensive features to boost productivity and enhance organization.

Prismify | React.js, TypeScript, Appwrite, Tailwind CSS, React Query

- Developed a feature-rich social media platform using React and TypeScript, integrated with Appwrite for backend services and Tailwind CSS for styling.
- Implemented essential functionalities including user authentication, dynamic feed, profile customization, post creation, interaction, and management.
- Collaborated effectively in agile teams, ensuring timely delivery and conducting user testing for iterative enhancements.

Cravee | React.js, TailwindCSS

- Engineered a feature-rich recipe website that empowers users to search for recipes, view ingredients, follow step-by-step cooking instructions, and explore dishes from various countries.
- Integrated data fetched from the **Spoonacular Recipe and Food API**. Designed an attractive and user-friendly interface.

Experience

CognoRise InfoTech

Mar 2024 – Apr 2024

Web Developer Intern

- Developed responsive web pages using React.js ensuring optimal user experience and interface responsiveness.
- Implemented the MERN (MongoDB, Express.js, React.js, Node.js) stack for efficient SQL and MongoDB database management.

Activities

Google Developer Student Clubs (GDSC)

- Drove web development initiatives led by the GDSC group.
- Developed web projects and collaborated with fellow members to create engaging and impactful applications.
- Facilitated knowledge-sharing sessions, workshops, and hackathons focused on enhancing web development skills and fostering a collaborative learning environment.
